HCIA-openEuler V1.0 Change Instructions

Version	Date	Instruction
V1.0	2023/3/20	Enable V1.0 training materials, lab guidebooks and exam questions

1.   Training material change instructions

Training material 1: Getting Started with openEuler

Chapter	V1.0
Introduction to the Linux OS	30%
Installing the Open Source openEuler OS	40%
Using the openEuler OS	30%

Training material 2: CLI Basics

Chapter	V1.0
Basic Knowledge of Linux Commands	10%
Basic Linux Commands	90%

Training material 3: Text Editors and Text Processing

Chapter	V1.0
Introduction to Common Linux Text Editors	10%
Vim Text Editor	40%
Text Processing	50%

Training material 4: User and Permission Management

Chapter	V1.0
User and User Group Management	40%
File Permission Management	40%
Other Permission Management	20%

Training material 5: Software Installation and Service Management

Chapter	V1.0
Software Package Management	30%
Software Package Management with DNF	30%
Installation Through Source Code	20%

Service Management with systemd	20%

Training material 6: File System and Storage Management

Chapter	V1.0
Basic Concepts of File Systems	20%
Mounting and Using Drive Storage	40%
Logical Volume Management	40%

Training material 7: System Management

Chapter	V1.0
Task Management	40%
Network Management	40%
Process Management	20%

Training material 8: Shell Scripts

Chapter	V1.0
Shell Basics	10%
Shell Programming Basics	70%
Shell Programming Best Practices	20%

Training material 9: Samba File Sharing Server Management

Chapter	V1.0
Samba File Sharing Server Setup	40%
User and Permission Configuration for Samba	50%
Samba Server O&M and Troubleshooting	10%

2. Lab Guides change instructions

HCIA-openEuler V1.0 Lab Guides

Chapter	V1.0
Installing the openEuler OS	5%
Basic CLI Operations on the openEuler OS	20%
openEuler Text Editor	15%
openEuler User and Permission Management	10%

openEuler Software Management	5%
openEuler Storage and File System Management	10%
openEuler System and Process Management	10%
Shell Script Language Basics	15%
openEuler Comprehensive Practices	10%

3. Test content change instructions

HCIA-openEuler V1.0 Test content：

Chapter	V1.0
Getting Started with openEuler	4%
CLI Basics	8%
Text Editors and Text Processing	8%
User and Permission Management	18%
Software Installation and Service Management	10%
